TONGLU / SIGNAL PEN

Design Company, Export Company, Based on Family Factories,
Promotional Pens, 8 years selling experience

1 3-D Construction, Fine Contour
Copper electrodes burn the contour of the pens in the steel mould

2 Moulding
Energy-efficient hybrid machines, with a closing pressure of up to
220tons heating the plastic granulate to 250 degrees celsius

3 Assembling
Fully automatic assembly: machines put together components to
a writing instrument
Manual assembly: assembled one by one by workers

4 Inspection
All pens will be well inspected by QC team before shipment

5 Packing
Signal standard packing is each pen in polybag, 50pcs per inner box,
1000pcs per export carton for plastic pens,
500pcs per carton for metal pens

6 Processing
Screen and pad printing machines imprint the advertising message
hot transfer printing also available
